

Logistics Solutions

Admiral Logistics Solutions is your one-stop shop for logistics needs. We offer professional, state-of-the-art logistics services customized to your requirements, operating philosophy and business strategies. Our expertise and technology will allow you to deliver the level of quality service you demand while containing costs as dictated by your budget. Here at Admiral, we use the Windfall Inventory & Management System to manage inventory in our logistics warehouse.

Windfall allows us the capability of:

- Managing, barcoding and tracking inventory
- Creating reports
- Taking pictures of inventory and storing those pictures with your account
- Creating work orders as a process control
- Time/Date stamping inventory
- Managing the PO numbers associated with your projects
- Shipping your goods
- Creating a site for you to view your inventory at any time

As a UniGroup Logistics agent, we offer the best of the best warehouses, drivers, and agents worldwide through Mayflower Transit and United Van Lines.

Our full-time warehouseman has over 25 years in the moving business with 20 of those years with us.
